OTHER WAYS OF REACHING THE HOTEL

- **If you are visiting us using the International Airport of Chania then you have the choice to reserve a taxi from the arrival platform and come directly to our hotel which is about 20 minutes distance .**

Price per taxi (max. 3 persons) approximately: 25 €

- **If you rent a car outside the airport, after exiting premises you will have to follow the signs towards CHANIA and KISAMOS. After reaching the national highway you will have to surpass both exits for Chania town and leave the highway at the exit named KATO GALATAS . Right after that you turn to your right and follow the road downhill until you reach the road parallel to the beach. Panorama Hotel is on your left hand side at that spot , so you have to turn to the left and immediately after that to the left again to enter the hotel's premises.**
